Early in the day the vessel steamed away from the yard where it was refitted, and proceeded down the river, coming to an anchorage opposite the yard. There her crew, consist-ing of one hundred men (all colored) and officers, were put on board and mustered. In their presence and in that of a number of visiters, Mr. Oaksmith made the formal delivery to General Tate in a felicitous speech, which was as happily responded to. The vessel was then rechristened the Triumph. She carries two 150-pound rifled guns on pivots, two 100-pound broadsides, and a large quantity of small arms and ammunition. She will sail to-day, arms and ammunition. She will under command of Admiral Ellins.

## DULUTH.

Progress of the Rising City of the Northwest. In the following letter is given the latest news

DULUTH, St. Louis County, Minnesota, Nov. 30, 1869.—Dear Sir:—Since my October circular was issued substantial progress has been made in this, the new city of Lake Superior. Favored by comparatively mild weather, and but four inches of snow having fallen, building has progressed to a considerable extent. The following will show what actual improvements were made during the month:-

On Superior street, four stores and one dwelling house; First street, two dwellings; Second street, one dwelling, one church: Third street, one dwelling; Lake avenue, one dwelling; First avenue east, two dwellings, one store; Second avenue cast, two dwellings.

The Union Elevator and Improvement Com pany, organized in Philadelphia with a capital of \$500,000, have let contracts for the foundation of their first grain elevator at this point. It is to have a capacity of 300,000 bushels of wheat, and will cost \$150,000. Foundation to be completed May 1, and the entire building August 1, 1870. The Duluth Deck Company, organized at this

place with a capital of \$20,000, are now build-ing a wharf four hundred feet long and thirty wide, in the outer harbor, and on the St. Louis river, twenty-five miles above us, the Great Western Mining Company are creeting build-ings for the accommodation of workmen at their slate quarries. In May next a large, force

will be employed in developing that important interest. From a personal inspection of the line I am able to state that nine-tenths of the railroad work between Duluth and Fond-du-lac, some eighteen miles, is done; rails are now being laid and so much of the road will be finished by New Year's. This progress enables workmen to be transferred to the line above Fond-du-lac,

and nearly ensures the completion of our Lake Superior and Mississippi Railroad in good season pext summer. Telegraphic communication with the outer world and the opening of the comfortable "Bay View House," make our new city more pleasant and attractive to strangers, while the Duluth Library Association's fine reading room and

proposed course of lectures add to the attractions which induce many to romain. By the railroad from St. Paul to Pine City and thence in comfortable sleighs to this point, the journey to Duluth may soon be made easily and quickly. A neat gothic church for the Episcopal society is finished, furnished with bell, organ, etc., and now in use. The new Presbyterian church is also well advanced: it is to be built partly of brick, forty-four by seventy feet in size, with a spire one hundred feet high, and its auditorium will accommodate three hundred and fifty persons.

Transactions in real estate have been numerous. Sales are reported of lots on Superior street at about sixty dollars per foot; on First street at eighteen, on Second at ten, on Third at seven, and on Minnesota Point at seven dollars and a half.

In answer to many inquiries I will state that the ordinary size of lots in the First Division is fifty by one hundred and forty feet; on Minne-sota Point, forty by one hundred, but lots near corners are frequently smaller by reason of subdivisions made to front on the avenues. Much work has been accomplished in cutting out and grading streets and in building sidewalks. A contract is made for the extension of Superior street two miles northeasterly along the lake

Lake Superior is still open to navigation, but the bay is closed by ice. The thermometer has not yet fallen below zero, and our weather is

equable and pleasant.
Mr. Henry A. Gould of Boston, Mass., who has visited Duluth and is in constant communioation with me, will be pleased to show maps and give particular information to any who may

Letters answered promptly. Very respectfully, your obedient servant, CHARLES H. GRANES.

### MUSICAL AND DRAMATIC.

The City Amusements.

At the Chesnut the new romantic Irish drama of Patrice; or, The White Lady of Wicklow, will be repeated. This piece is placed upon the stage in unusually handsome style, and the scenic effects in which it abounds are remarkably effective. The action is stirring, and the play is one that ought certainly to have a long run if there is any virtue in sensationalism or Hibernian patriotism.

On Saturday next there will be a children's matinee, when Little Beauty and the Beast will be presented.

Sented.

At the Walnut the sentimental play of Mary Warner will be performed this evening, with Miss Bateman as the suffering heroine.

On Saturday there will be a matinee, when Foul

On Saturday there will be a matinee, when Foul Play will be given with all its scenic effects.

At the Arch Tom Taylor's scenic comedy of The Overland Route will be represented this evening.

At Dufrez & Benedict's Opera House the burlesque of the 4-T Thicocs and other attractions will be offered this evening.

At the Eleventh Street Opera House a ministrel performance combining a number of entertaining features will be given this evening.

Signor Blitz and his son will give a magical performance at the Assembly Building this evening.

THE "STAR" COURSE OF LECTRES.—This evening Mr. R. J. DeCordova will lecture at the Academy of Music on "Whiffin vs. Sniffin." This will be Mr. De Cordova's last appearance this season.

Much interest is felt by the young folks in the

Cordova's last appearance this season.

Much interest is felt by the young folks in the supplementary series announced by Mr. Pugh for their benefit, and Mr. Paul B. Du Chaillu will undoubtedly have a crowded and enthusiastic audience on next Saturday afternoon, to hear him discourse upon matters "Under the Equator." Mr. Da Chaillu is a most entertaining lecturer, and independently of this fact, the young folks will be glad to see and hear the celebrated traveller.

The Yo Semite Valley. "To-morrow evening Mr. T. Clarkson Taylor will lecture at the hall of the Mercantile Library, Tenth street, above Chesnut, on "California and the Yo Semite Valley." This lecture will be illustrated by numerous magnificent stereopticon views.

JOHN B. GOUGH will lecture at the Academy of Music, under the auspices of the Young Men's Christian Association, on Monday evening next. Subject, "Habit," PROFESSOR RUFUS ADAMS will have a testimonial

benefit at the Academy of Music to-morrow evening, when he will read a number of popular selections. Carl Sentz's parlor orchestra will perform a fine programme of music.

TESTIMONIAL BENEFIT TO THE X. T. K.—A testimonial benefit to Mr. Duane has been tendered by a number of gentlemen who heard his humorous discourse entitled "Ninety Minutes in Kweer Kompany" a few weeks are at Nattorium Hall. The pany," a few weeks ago at Natatorium Hall. The affair will come off on Saturday evening next at the same place, and as Mr. Duane is a humorist of more ian usual ability, there ought to be a crowded house.
